OUR VALUE CREATION STRATEGY

In line with the industry's steady recovery and better current market conditions, the company implemented a new strategy to focus on real estate development. Consequently, in 2017 it sold its portfolio of rental properties to Testa Residencial in exchange for 20 % of that company, and sold major commercial properties at a 31 % premium over net asset value (NAV).

TRANSFER OF THE RENTAL PORTFOLIO TO TESTA RESIDENCIAL

Through this transaction, ACCIONA acquired 20 % of Testa Residencial, a large real estate investment vehicle with strong potential. The company's goal is to retain this holding over the long term to take advantage of the fund's appreciation and in expectation of an IPO by Testa, which will provide greater liquidity.
